## COFFEE WITH A COP | 60'S | SUNNY

WESTERN WASHINGTON				
AIR QUALITY	FIRE WEATHER	FLOODING	WIND GUSTS	FREEZING TEMPS
GOOD	NONE	NONE	6-8	40's

**SUMMARY:** Tomorrow join us at **Coffee with a Cop** around the region meeting those who keep us safe! Temps will moderate overnight near 40 degrees. Rain returns by Thursday. Learn why thunderstorms occur in Spring - Fall.

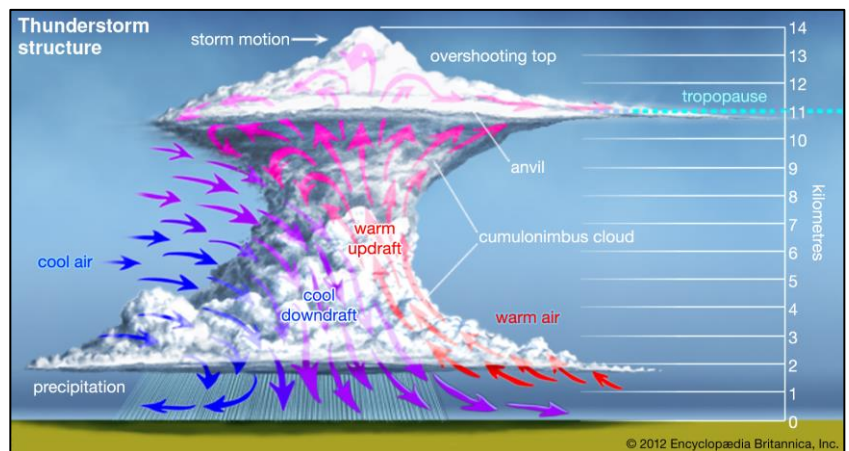

Tue	Wed	Thu	Fri	Sat	Sun	Mon	Tue
64° 40°	65° 49°	60° 48°	60° 49°	61° 52°	68° 54°	67° 53°	59° 47°

**WEATHER:** Sunny, high near 63 low around 43. Wednesday mostly cloudy, high near 62 low around 48.

**COFFEE WITH A COP:** The first Wednesday in October is National Coffee with a Cop Day which brings men and women in uniform together with their communities to connect over a cup of joe. Find your communities event and say hello to your officers.

**THUNDERSTORMS:** There are two peak periods for thunderstorm season in Western Washington - spring and fall. Why? Those are the times of year when the surface (where we live) is still 'warm' while colder air aloft from the Gulf of Alaska follows cold fronts. That colder air aloft destabilizes the air mass, promotes rising air from the surface (analogy - boiling water in a pot on the stove), resulting in showers and thunderstorms. The Puget Sound Convergence Zone also provide a source of 'lift' to help generate these showers and thunderstorms.

**When thunder roars, go indoors.** [Special thanks to Ted Behner]
